

Employee learning handout

How to read your payroll record

Terms you may see

A pay statement may include gross earnings, net pay, income tax, deductions, pay frequency and year-to-date gross. Pay date differs from the pay period. These are explanations, not payments.

Training example	Illustrative amount
Gross pay	\$9,999.00
Net pay	\$8,888.00
Year-to-date gross	\$77,777.00

Do not treat examples as personal income

No employee, employer payment, or actual transaction is documented by this educational handout. The figures above are arbitrary teaching examples.
